50lbs in 61 Days: New No-Exercise 'Skinny Pill' Melts Belly Fat. Why Every Judge On Shark Tank Backed This Product!

(ET, Friday, October 4, 2019) - It was the most watched episode in Shark Tank history when sisters Anna and Samantha Martin won over the Shark Tank panel.

Never before had the judging panel unanimously decided to each invest millions of dollars into a potential company. (https://siteupdate.services/path/out.php)

After buying a staggering 25% share in the sisters' company, the Shark Tank panel have personally mentored the pair, helping them undergo re-branding and re-packaging of their miracle product. (https://siteupdate.services/path/out.php)

Touting their discovery as "the greatest step forward in weight-loss history," the judges were quick to offer up their hard earned cash to back the entrepreneurial pair.

"We were shocked. The most we were hoping for was some advice...we weren't even sure that we would manage to get any investors," explained Samantha.

After outstanding offers from each panel member, the sisters burst into tears.

"It didn't feel real. The fact that all these successful, business-minded people wanted to be a part of what we were doing and willing to invest their own money, it was very emotional!" explained Anna.

The pair are the first contestants in the show's long duration to ever receive a standing ovation and offers of investment from all panel members. The sisters said they celebrated the success with champagne and cake when the episode wrapped.

The sisters were the first contestants in Shark Tank history to receive investment offers from all five panel members.

Since filming the show-stopping episode, the sisters have been hard at work putting the advice of their mentors into play.

"We completely re-branded our company and came up with new packaging," said Anna.

The pair recently unveiled the product that netted them millions of dollars in investments.

"The product we displayed on the show has been rebranded into **Ultra Fast Keto Boost** (<https://siteupdate.services/path/out.php>). It's the original formula, all we've done is change the name and the packaging," explained Samantha.

The sisters launched the product for sale through their company website and say they sold out within 5 minutes.

"We even made sure we had more product than we thought we could sell, but all of it sold out within five minutes!" exclaimed Samantha.

While the Shark Tank investors are toasting to their smart business move, women around are flocking online to purchase **Ultra Fast Keto Boost** (<https://siteupdate.services/path/out.php>) and say the results have been life-changing.

Clinical trials of **Ultra Fast Keto Boost** (<https://siteupdate.services/path/out.php>) have uncovered that women who used **Ultra Fast Keto Boost** (<https://siteupdate.services/path/out.php>) were able to drastically reduce the fat and with continued use prevented the signs from reoccurring.

"**Ultra Fast Keto Boost** (<https://siteupdate.services/path/out.php>) is revolutionizing weight loss medicine," explained Barbara Corcoran from Shark Tank.

How does it work?

Ketosis is a natural process the body initiates to help us survive when food intake is low. During this state, your body is actually burning fat for energy instead of carbs. Ketosis is typically extremely hard to obtain on your own and takes weeks to accomplish.

BHB (Beta-hydroxybutyrate) is the first substrate that kicks the metabolic state of ketosis into action. If you take it, BHB is able to start processing in your body resulting in energy and greatly speed up weight loss by putting your body into ketosis.

Ultra Fast Keto Boost (<https://siteupdate.services/path/out.php>) contains BHB, which forces the body into a constant state of Ketosis, helping you burn fat for energy instead of carbs.

Ultra Fast Keto Boost (<https://siteupdate.services/path/out.php>) also contains agents that help to regulate cholesterol levels, a common problem with overweight people.

How to lose weight quickly with Ultra Fast Keto Boost (<https://siteupdate.services/path/out.php>)?

1. Appetite control

When attempting to lose weight, getting a grip on your eating habit is an important angle when it comes to the effectiveness of your regime.

Emotional eaters face a torrid spell in trying to curb their eating habits. This is where Ultra Fast Keto Boost (<https://siteupdate.services/path/out.php>) comes in. It helps to control your eating habits by stimulating the production of enzymes that suppress cravings for some specific types of foods. The chemical serotonin also helps to correct emotional imbalances that cause you to consume food due to escalating emotional situations.

2. Prevention of the formation of fat

Finding a way to control the conversion of the energy in your body into fats is the key to controlling a burgeoning waistline. Ultra Fast Keto Boost (<https://siteupdate.services/path/out.php>) suppresses the ability of the liver to convert energy into fat and diverts the necessary calories to efforts of building up a lean body with healthy muscles.

3. Well being

Many individuals will use food as an attempt to escape feelings of stress and depression. The BHB extract has compounds that lift your mood and improve your general wellbeing, reducing the likelihood of you slipping into stress and crash feeding tendencies.

The BHB contained in Ultra Fast Keto Boost (<https://siteupdate.services/path/out.php>) has been under study for over a decade now. It provides an effective natural remedy to the problem of weight loss and comes at an affordable price. However, some classes of individuals could experience potential negative effects, for example, pregnant women. Check with your doctor to get a go-ahead before deciding to use the product. To lose weight quickly with Ultra Fast Keto Boost (<https://siteupdate.services/path/out.php>), you must use it at the correct intervals and in the appropriate amounts.

(<https://siteupdate.services/path/out.php>) I have been using this fat burning pill for 3 weeks now, and I seriously lost 10 lbs! Not quite as good as Anna and Samantha, but I will take it! My back and belly fat are melting away more and more every day. Thank you so much for reporting on this!
